Power Supply

Warnings

Do not touch the power plug with wet hands.

- Doing so may result in electric shock.

Do not use a damaged power cord or plug or a loose outlet.

- Doing so may result in fire or electric shock.

Do not plug several devices into the same outlet.

- Doing so may cause the outlet to overheat and start a fire.

Insert the power plug fully into the outlet.

- A loose or improperly inserted power plug may result in fire.

Do not bend the power cord excessively or place heavy objects on it.

- Doing so may result in fire or electric shock.

Be sure to ground the unit.

- Failing to do so may lead to electric shock when a short circuit or overload occurs. If necessary, install a ground fault circuit breaker. Never ground to a telephone line, lightning rod, or metal gas pipe. (Doing so may result in fire, electric shock, or other hazards.)

Cautions

When disconnecting the power cord from an AC outlet, always grasp it by the plug.

- Pulling on the cord can damage the internal wire and may result in fire.

Always unplug the unit before cleaning.

- doing so may result in fire or electric shock.

The purpose of these precautions is to ensure user safety and prevent property damage. Be sure to read and observe all safety precautions.

Installation

Warnings

Do not place containers with liquids such as flower vases, soft drink cans, or medicine bottles or small metallic objects on top of the unit.

- If liquid enters the unit or any metal object falls into the unit, it may result in short-circuit, fire, or electric shock.

Do not place the unit where it is exposed to rain, excessive moisture or grease.

- Doing so may result in fire, electric shock, malfunction, or deformation.

Do not use or store flammable or combustible materials near the unit.

- Doing so may result in fire or explosion.

Do not place the unit on an unstable surface, such as a wobbly stand or sloped table, or on any surface whose area is smaller than the bottom area of the unit.

- If a child climbs on the unit, it could topple and fall onto the child, resulting in serious injury to the child or damage to the unit. Place the unit on a flat stable surface.

Do not place a burning candle, burning anti-mosquito incense, or lighted cigarette on top of the unit. Do not place the unit near any heat source such as a fireplace or space heater.

- Doing so poses a serious risk of fire.

Do not place the unit in a poorly ventilated enclosure, such as a cabinet.

- Doing so poses a serious risk of fire.

Do not run power cords near heat-producing appliances such as radiators, stoves, or irons.

- The excessive heat could melt the insulation and expose live wires, resulting in fire or electric shock.

Install the antenna away from high-voltage power lines and communication cables and make sure it is installed securely.

- If the antenna touches a power line, contact with the antenna could result in fire, electric shock, serious injury, or death.

Cautions

Install the unit at an adequate distance from the wall to ensure sufficient ventilation.

- If the temperature inside the unit rises, it may result in fire.

Do not cover the unit with a tablecloth, curtain, or other material.

- If the temperature inside the unit rises, it may result in fire.

Be sure to place the unit on a level surface.

⚠ Warnings

Form a drip loop where the coaxial antenna cable enters your building to prevent rainwater from traveling along the cable and coming in contact with the antenna input terminal.

- If rainwater finds its way inside the unit, it may result in fire or electric shock.

- The following precautions are divided into "Warnings" and "Cautions".

⚠ Warning : Ignoring this precaution may result in death or serious injury.

⚠ Caution : Ignoring this precaution may result in injury or property damage.

To prevent injury, this television set must be securely attached to the floor/wall in accordance with the installation instructions

Use and Maintenance

Warnings

Disconnect the power cord from the wall outlet during an electrical storm.

- Not doing so may result in fire or electric shock.

Do not insert any metal objects, such as a screwdriver, paper clip, or bent wire into the ventilation openings or A/V terminals.

- Doing so poses a serious risk of fire or electric shock.

Do not allow children to climb or hang on the unit.

- The unit could topple over onto a child and result in serious injury.

Never disassemble or modify the unit in any way. Do not attempt to service the unit yourself.

- Doing so may result in fire or electric shock. If the unit requires repair, contact the service center.

Cautions

When not using the unit for long periods of time, disconnect the power cord from the wall outlet.

- Dust could accumulate over time on the unit and cause it to generate heat and ignite, or deteriorate insulation, which in turn may result in an electrical fire.

When moving the unit, be sure to turn off the unit and unplug the power cord from the wall outlet.

- Moving the unit with the power cord connected to the outlet may cause damage to the cord, resulting in fire or electric shock.

If you notice any unusual odors or smoke around the unit, immediately disconnect the unit from the outlet and contact the service center.

- Failure to do so may result in fire or electric shock.

⚠ Warnings

When removing the batteries from the remote control, make sure children do not swallow them. Keep the batteries out of the reach of infants and children.

- If a child has swallowed a battery, seek medical attention immediately.

Always use two or more people to lift or move the unit.

- If the unit is dropped, it could be damaged or otherwise cause injury.

Wipe off any moisture, dirt, or dust on the power plug pins with a clean dry cloth.

- Failure to do so may result in fire or electric shock.

It is advisable to clean the interior of the unit at least once a year. Contact the store of purchase or service center for information.

- Continuing to use the unit without cleaning off the dust build-up inside it may result in fire or electric shock.

Always turn off the unit and unplug the power cord when cleaning the unit. Use a soft dry cloth to clean the unit.

- Never clean with industrial strength polish, wax, benzene, paint thinner, air freshener, lubricant, detergent, or other such chemicals. Also, do not clean with a damp cloth.

Important Safety Instructions

Warnings and Precautions

To prevent any injuries, the following safety precautions should be observed in the installation, use, servicing and maintenance of this equipment.

Before operating this equipment, please read this manual completely, and keep it for future reference.

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Do not clean with strong chemical agents
- 7) The appliance is intended for household use only, and not for commercial or industrial use.
- 8) Do not block any of the ventilation openings. Install in accordance with the manufacturer's instructions.
- 9) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 10) Care required with the use of this apparatus in tropical climates. Do not use the appliance under temperatures over 40°C.
- 11) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 12) Only use the attachments/accessories specified by the manufacturer.
- 13) Use only with a stand, or bracket, specified by the manufacturer, or sold with the apparatus.
- 14) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 15) Do not operate the unit if it is not working normally or has been damaged in anyway. Turn the unit off, unplug it from the power source and consult service personnel. Do not attempt to service this unit yourself.
- 16) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Important Safety Instructions

- 17) Do not listen to headphones at high volumes; the excessive sound pressure from earphones can cause hearing loss.
- 18) Keep the player clean and never store it next to a heat source or in dirty, humid or wet places. Keep it out of direct sunlight.
- 19) Press the Player's button gently. Pressing them or the screen too hard can damage the player.
- 20) Do not subject the product to harsh impacts. Do not drop the appliance. This may result in damage to the product.
Do not touch, push or rub the surface of the LCD screen with any sharp or hard objects. When the surface of the LCD screen becomes dusty, wipe it gently with an absorbent cotton cloth or other soft material like chamois. Do not use acetone, toluene or alcohol to clean the surface of the screen. These chemicals will cause damage to the surface.
- 21) Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.

WARNING: To reduce the risk of fire or electric shock, this apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.

Apparatus with Class I construction shall be connected to a Mains socket outlet with a protective earthing connection.

WARNING

TO PREVENT DAMAGE WHICH MAY RESULT IN FIRE OR ELECTRIC SHOCK HAZARD, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.

Caution :

- These servicing instructions are for use by qualified service personnel only.
To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Only the adapter (Maker:Guangdong ABT Industrial Co., Ltd ,model no. : ABT040120) can only be used for the LED TV, whose input : 100-240Vac 50/60Hz 1.5A, Output: 12V $\overline{\text{---}}$ 4.0A, not allow to use the other model adapters.

Preparation of Remote Control

Place the remote control on an even surface and insert the supplied batteries into the remote control as follows.

1. Softly push the back cover to open the battery compartment.

2. Insert two batteries(1.5V size AAA), please make sure the polarity matches the marks inside the compartment.

3. Softly press the back cover to close it.

Under normal use the battery will last for six months.
Take out battery when the remote is not in use for a long time.

Using of Remote control

Point the remote control unit from on more than about 7m from the remote control sensor and within about 60 degrees of the front of the unit.

The operating distance may vary depending to the brightness around.

Do not point bright lights directly at the remote control sensor.

Do not place objects between the remote control unit and the remote control sensor.

Do not use this remote control unit while simultaneously operating the remote control unit of any other equipment.

4. System Connections

Do not connect the power cord until all other connections have been made. Ensure that you observe the color cord when connecting audio and video cables.

4.1 Connecting to Power Supply

1. Connect the power cord correctly as shown.
2. Press the POWER switch of your LCD TV to switch on the LCD TV. The power indicator on the front panel lights up in Green.

4.2 Connection to External AV Signal Source

Use the audio and video cable to connect the input jacks on the rear panel of the unit to the external AV signal source.

Connect the unit and the external AV signal source to the respective jacks with the S-Video cable.

Ensure that you observe the color cord when connecting audio and video cables.

After connection, turn on the power of the unit and the external AV signal source. Press **SOURCE** then direction buttons to select AV mode, and then press the **ENTER** button to confirm.

The L/R audio input jacks can be used in the both Composite modes.

4.3 Connecting to External AV Signal Source (HDMI)

Follow the figure below to connect an HDMI signal source to the HDMI jack on the rear panel of the unit.

After connection, turn on the power of the unit and the external AV signal source and use the **SOURCE** and the direction buttons to select HDMI mode, and then press the **ENTER** button to confirm.

HDMI provides both audio and video signals and typically provides superior image quality to component or composite.

4.4 Connecting to TV-Signal Input

Connect the TV signal cable (the antenna cable, for example) to the antenna input jack on the back of the unit so that you can receive television programmers.

After connection, turn on the power of unit. Then press the SOURCE button to select ATV or DTV mode and conduct program selection.

5. TV OPERATION AND SYSTEM SETUP

SELECT INPUT SOURCE

Press **SOURCE** button to display the input source list;

Press **▲/▼** button to select the input source you want to watch;

Press **ENTER** button to enter the input source;

- Press **MENU** button to display the MAIN OSD MENU;
- Press ▲/▼ button to select the MENU you want;
- Press **ENTER** button or ► button to enter the sub menu, and press ◀ button to return back to the previous menu.
- Press ▲/▼ button to select the option and then press **ENTER** button or ► button to enter the submenu, press ◀/▶ button to adjust the value or press ◀/▶ button to select in the sub menu;
- You can press **MENU** button to save and return back to the previous menu, and press **EXIT** button to exit the entire menu.

Press **INFO** button on the remote control to display program information.

1. Current program Number.
2. The NICAM mode of current program.
3. The sound system of current channel could be changed on **Analog Manual Search** Menu.

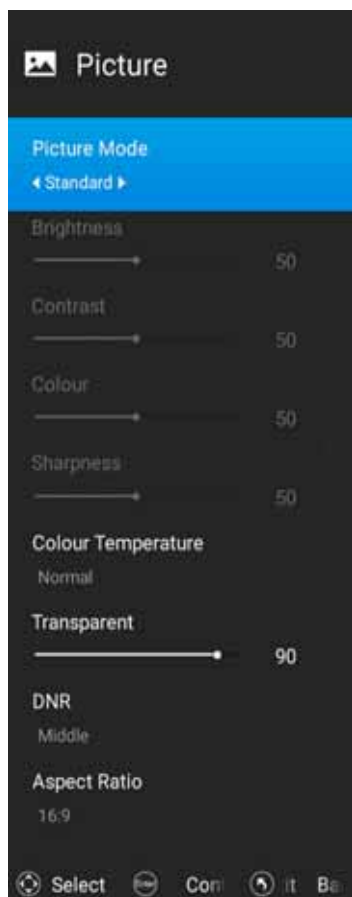

5.1 Picture Menu

The picture is for a reference only; the actual item is the standard.

Press **TV MENU** button to display the main menu.

Press **▲/▼** button to select **Picture** in the main menu, and then press **ENTER** button to enter.

1. Press **▲/▼** button to select the option that you want to adjust in the Picture menu, and then press **ENTER** button or **▶** button to enter.
2. Press **◀/▶** button to adjust or press **▲/▼** button to select. And press **ENTER** button to select the sub menu.
3. After finishing your adjustment, press **MENU** button to save and return back to the previous menu, and press **EXIT** button to exit the entire menu.

5.1.1 Picture Mode

Press **▲/▼** button to select Picture Mode, then press **ENTER** button to enter and press **◀/▶** button to select. (Available Picture Mode: User , Standard, Dynamic,Mild)

You only can change the value of brightness, contrast, sharpness, color, when the picture is in User mode.

TIPS: You can press **P-MODE** button on the remoter control again and again to change the picture mode directly.

5.1.2 Aspect Ratio

Press ▲/▼ button to select Aspect Ratio, then press **ENTER** button to enter and press ◀/▶ button to adjust. Then press **MENU** button to return back the previous menu directly.

5.1.3 Colour Temperature

Press ▲/▼ button to select **Colour Temperature**, then press **ENTER** button to enter and ◀/▶ button to select Standard, Cool, Warm.

5.1.4 DNR

Press ▲/▼ button to select **DNR**, and then press **ENTER** button to enter and ◀/▶ button to select Off, Low, Middle, High.

5.2 SOUND Menu

The picture is for a reference only; the actual item is the standard.

Press **MENU** button to display the main menu.

Press ▲/▼ button to select **Sound** in the main menu, and then press **ENTER** button or ▶ button to enter.

1. Press ▲/▼ button to select the option that you want to adjust in the Sound menu, then press **ENTER** button to enter.
2. press ◀/▶ button to adjust or press ▲/▼ to select, and press **ENTER** button to select submenu.
3. After finishing your adjustment, Press **MENU** button to save and return back to the previous menu, or press **EXIT** button to exit the entire menu.

5.2.1 Sound mode

Press ▲/▼ button to select **Sound mode**, and then press **ENTER** button to enter. And then press ◀/▶ button to select. (Available Sound mode: User, Standard, Music, cinema). You can change the value of bass and treble, Balance and EQ, when the sound is in User mode.

TIPS: You can press **S-MODE** button on the remote control to change the Sound Mode directly.

5.2.2 Balance

Press ▲/▼ button to select **Balance**, then press **ENTER** button to enter and press ◀/▶ button to adjust. Then press **MENU** button to return back the previous menu directly.

5.2.3 Surround

Press ▲/▼ button to select **surround**, then press **ENTER** button to enter and press ◀/▶ button to adjust. Then press **MENU** button to return back the previous menu directly.

5.2.4 AVL

Press ▲/▼ button to select **AVL**, then press **ENTER** button to enter and press ◀/▶ button to adjust. It can only be adjusted under user mode Then press **MENU** button to return back the previous menu directly.

5.2.5 Digital Audio output

Press ▲/▼ button to select **SPDIF Output**, then press **ENTER** button to enter and press

◀/▶ button to select.

(Available SPDIF mode: RAW, PCM, OFF)

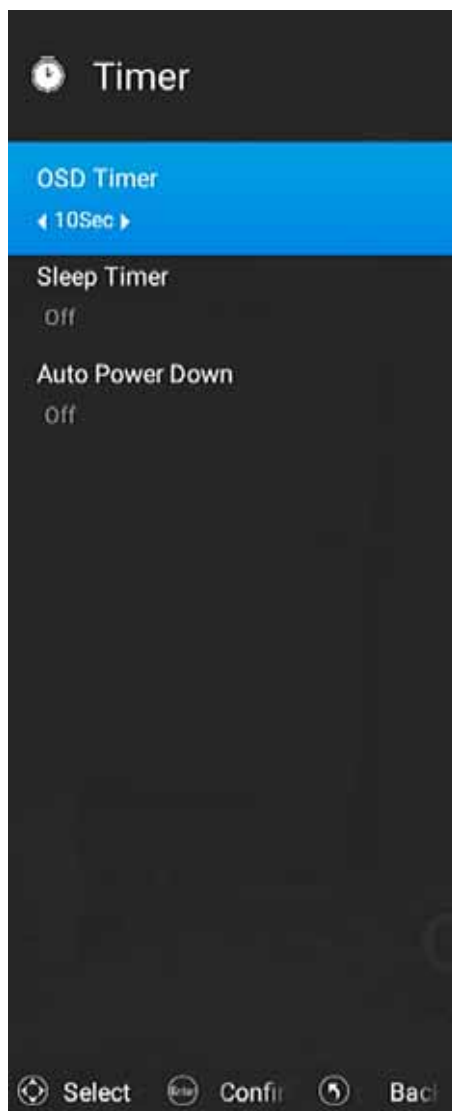

Then press **ENTER** button or ▶ button to enter and press ◀/▶ button to adjust, then press **MENU** button to return back the previous menu directly.

Other Notes:

Static or other external interfere may cause the player to behave abnormally. In this occurs, unplug the power-supply cord from the outlet and plug it in again to reset the player. If the problems persist, then please disconnect the power and consult a qualified technician.

“The television set may fall, causing serious personal injury or death”

Never place a television set in an unstable location. A television set may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such as:

- Using cabinets or stands recommended by the manufacturer of the television set.
- Only using furniture that can safely support the television set.
- Ensuring the television set is not overhanging the edge of the supporting furniture.
- Not placing the television set on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the television set to a suitable support.
- Not placing the television set on cloth or other materials that may be located between the television set and supporting furniture.
- Educating children about the dangers of climbing on furniture to reach the television set or its controls.

If the existing television set is going to be retained and relocated, the same considerations as above should be applied.

Wall- mounting TV SET procedure and method

Step 1: Fix the metal frame the wall with screw as following figure1 and ensure it is firm.

Step 2: Fix the long strip metal stand to TV SET back with screws as following figure2 and ensure it is solid.

Step 3: Hook the TV SET to the metal frame setup fixed on the wall well , then fix firmly a protective screw to limit the position avoiding the TV SET loosen as following figure3
